Lt. Col. Harrison Freed With Leg Missing

GIs Describe Red Torture Of POWs

FREEDOM VILLAGE, Korea (UPI) — Americans and South Koreans freed by the Communists today told of beatings, burnings, death marches and starvation at the hands of their Red captors—hor-

rors which they said killed countless fellow prisoners.

Lt. Col. Thomas D. Harrison, highest ranking American officer yet returned in the two-day prisoner exchange, arrived on crutches with one leg missing. He said the Communists starved him seven days, then repeatedly smothered him with a wet towel and revived him with jabs from a lighted cigarette. It was a fruitless attempt to get military information, he said.

He said he knew of "at least 60 officers who were so ill they should have been returned" last April during the exchange of disabled prisoners. He said the Reds told him he was held back "because I was a bad boy—I used my rank and eloquence to influence other prisoners."

Cousin To General

Harrison, a 32-year-old fighter-bomber pilot from Clovis, N. M., is the second cousin of Lt. Gen. William K. Harrison, senior Allied truce negotiator. He is one of 70 Americans freed today at Panmunjom.

Harrison lost his leg after it was crushed when Red anti-aircraft gun blasted his F80 jet to earth near Sinuiju in North Korea May 21, 1951.

Cpl. Russell P. James, Auburn, Wash., said he had seen the burial of more than 1,500 American prisoners who died of wounds or froze to death in North Korea during two terrible months of the bitter winter of 1950-51.

Today's accounts, if not as sweepingly lurid as ordeals described by sick and wounded POWs freed last April, were all the more intense and personal. A new Army censorship rule allows a liberated prisoner to tell only of atrocities he saw.

In April, the POWs told and retold horror stories which circulated in the camps.

The accounts were grimly accented by the sight of pitiful, broken wrecks of men who made up part of today's 392 returnees. Some could hardly walk. Others were terribly emaciated. One, a South Korean, was delivered dead.

Some of the returning Americans were in excellent condition. But in general, they were worse than the British, though not in as desperate shape as the South Koreans.

U. S. and other airmen appeared to be special targets of Red brutality, probably a reprisal for deadly Allied bombings and strafings, Allied officers said.

A Negro B29 co-pilot, Lt. Samuel E. Massinberg of Detroit, said he got four days of continuous torture and starvation from the North Koreans, followed by a special effort to woo him to communism "because of my race."

"I understand communism better now. I hate it more," he said. "They butted me around, they slugged me, they gave me no food for four days. When they saw I would not give them the information they wanted, they turned me over to the Chinese to fatten me up."

Massinberg's hands were frostbitten after he bailed out over Pyongyang when a Red MIG shot down his B29 last Jan. 11. The Reds bound them tightly, he said. "They hurt terribly all the time and I lost part of the left one."

The will, filed in probate, left all of the senator's effects to his wife, Martha, in two funds. One proviso set up 49 per cent of the assets from which Mrs. Taft will receive the income for life and which she may dispose of as she desires.

The other proviso set up the remaining 51 per cent and directed Mrs. Taft also receive the net income from it for life. At her death it will be divided equally among the Taft's four sons.

Sen. Taft died in New York last Friday.

2,500 Persons Attend County Field Day

LISBON — A crowd of approximately 2,500 farmers and guests from Columbiana and nearby counties attended the third County Field Day Wednesday morning and afternoon at the Lowmiller farm in West Township.

Floyd Lower, county agent, said an early morning rain forced cancellation of several demonstrations. He said 20 wagons were used to transport the visitors around the various farms to watch demonstrations and inspect soil conservation work.

Chester Root of Salem was general chairman.

Children's Playhouse Destroyed By Fire

Monetary loss was little, but personal loss ran high when firemen were called Wednesday at 8:14 p.m. to extinguish a children's playhouse fire in a field at the rear of 1723 E. 3rd St.

The playhouse, which the neighborhood children had built from scrap lumber, burned completely before firemen could put out the blaze, Chief Clarence Wright said.

Children taking part in the presentation itself, and those behind the scenes, include the following: Susan Gray, Paula Root, Ann Gray, Karen Kerr, Jane Gray, Midge Kerr, Mary Lou Barclay, Christine Davies, Linda Barber.

Red Boner Seen In Big 4 Note

Delay On Austria May be Mistake

WASHINGTON (AP)—U. S. officials seem to think Moscow pulled a boner in its note about a Big Four meeting by indicating that conclusion of an Austrian treaty should await substantial agreement on Germany.

These officials are handling the note gingerly, because of considerable uncertainty about what the Soviets are up to. But on the whole, they appear to regard it as fairly weak and possibly mirroring Kremlin adjustment of political pressures such as the East Germany uprisings.

The Russian note, responding to the West's July 15 bid for a Big Four foreign ministers session on German unification and Austrian independence, was received late Tuesday in Washington, London and Paris.

Representatives of the State Department opened consultations with British and French diplomats here yesterday afternoon. The State Department has kept Secretary of State Dulles informed while he is in Seoul conferring with South Korean President Syngman Rhee. It is not expected that a Western reply will be dispatched to Moscow until after Dulles returns here next week.

At any rate, the expectation here was that the ministers' meeting on German unification would be held sometime this fall or winter.

In intensive closed-door meetings throughout yesterday, some authorities reportedly advanced the idea that the Reds are not actually very interested in talks on Germany—hence the note's confusing phrases and ideas which might require clarification before the Western Powers can reply.

In respect to an Austrian treaty, which has been negotiated for six years and could be quickly concluded any time, the Russians said: "A possible successful solution of the German problem could also help a solution of the Austrian question."

This was regarded by American officials as an unnecessary declaration by which Russia struck a blow at Austria's hopes for ending the occupation and regaining full control of its affairs.

It seems certain that the United States would make propaganda capital of this as a boner—hammering a point that the Soviets are playing ruthless power politics with Austrian sovereignty and rights.

Wheat Allotments Inequities Rapped

DENVER, Colo. (AP)—Wheat allotments given Western states contain so many inequities that farmers may turn down market quotas in the Aug. 14 referendum, Harvey Solberg, president of the Rocky Mountain Farmers Union, asserted in messages to Colorado congressmen.

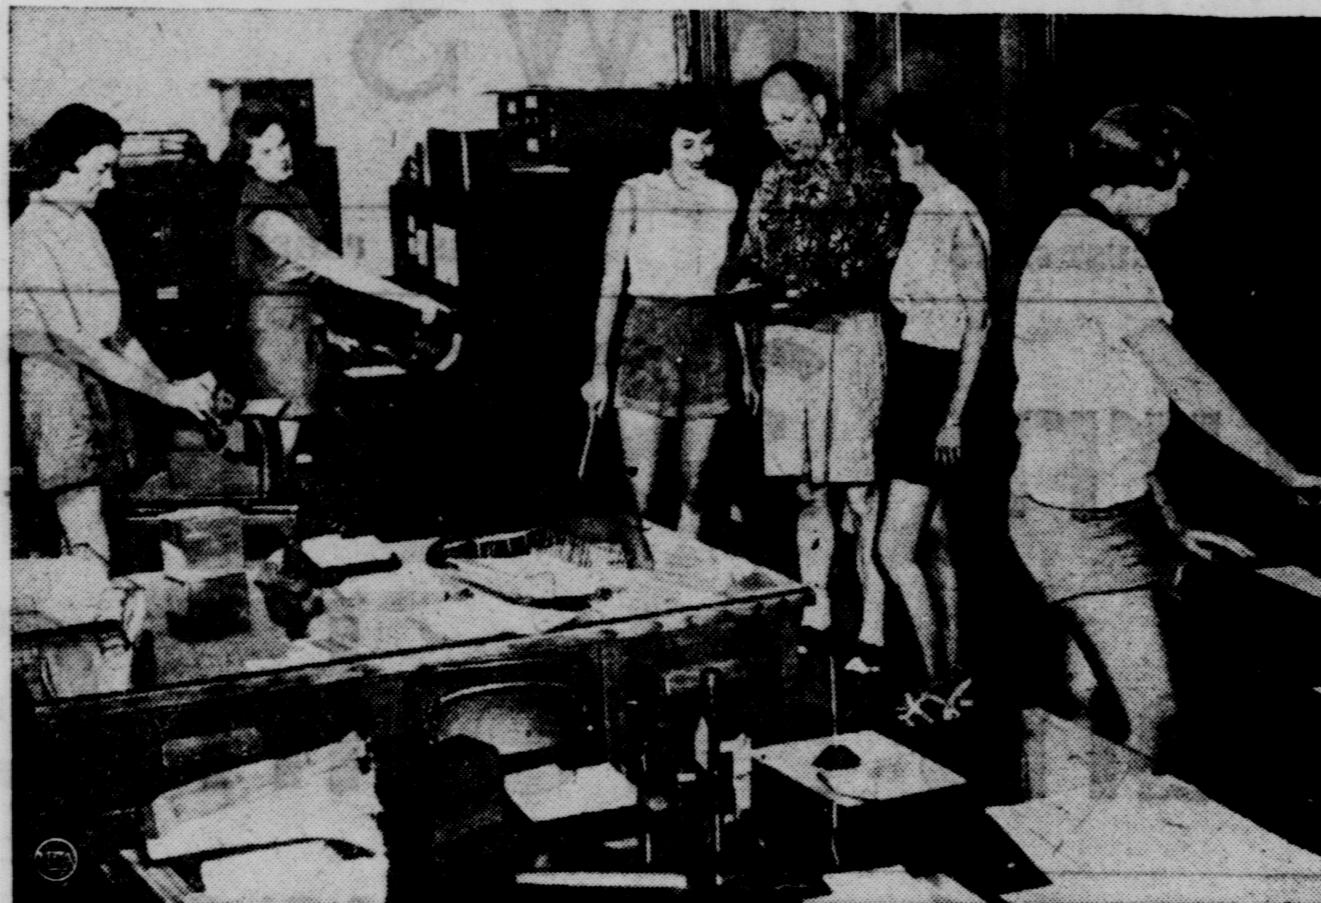

Individual Colorado farmers, he said, have had wheat package allowances cut 30 per cent, compared with 20 to 25 per cent for Montana, Nebraska and Kansas. This additional cut, Solberg said, could cost Coloradans 10 million dollars next year.

He expressed hope that the marketing quota program would be approved and inequities corrected later.

Yorty Urges Surplus Food Be Given Needy

WASHINGTON (AP)—Rep. Yorty (D-Calif.) urged the administration today to consider giving some of the government's vast surplus food stocks to needy Americans.

Yorty specifically suggested in a statement for the Congressional Record given to aged pensioners families with the father or mother missing because of divorce or death, and families having six or more children under 18.

SHORT RELIEF—Grover Simpson, Salina, Kansas, grainman, found a way to beat the heat. He donned shorts and gave permission to the girls of his office force to wear the cooler briefs on the job. Simpson termed the action a "liberty move" after learning that female stenographers at the state capital building in Topeka were barred from wearing shorts to work.

A Trip To The Holy Land

By REV. HAROLD B. WINN

Rev. Harold B. Winn, pastor of the First Friends Church, is participating in a flying seminar with a group of other Protestant ministers who will visit the Holy Land and interesting points in Europe. He describes his travels in a series of articles sent back to The Salem News.

The morning of July 29 was spent going through the beautiful Palais Louvre which covers 40 acres. Constructed during different eras of France's history, the architecture is a veritable history of France.

This museum is one of the greatest in the world. One could easily spend a month in it and never see or actually digest all that is contained in it.

Priceless and countless pieces of art are guarded here.

Let me tell you about the "Lunch" today. "Hors-d'oeuvre varies" was the name of this four-course affair. The waiters came over with a cart, loaded with 13 different dishes.

The waiter took my plate and I admit I ate all the piled up contents. I didn't know how to say stop in French. This was just the first course, very good—but never again! The second course was rice with grated cheese on top. The third course was a big piece of fried ham and vegetables and by this time I was making the waiter know what stop meant though I couldn't say it.

Ice cream, the fourth course, melted into my already overcrowded capacity. But I didn't eat it all. In the afternoon we went to the Palais De Versailles, the famous palace of King Louis XIV, King Louis XV, and King Louis XVI, nine miles west of Paris. The extravagant splendor of the court of the "Sun King" is beyond anything the western world has ever constructed. The building with its ornate facade and its many acres and is a museum now. In the Hall of Mirrors we stood this afternoon the peace treaty of Versailles, ending World War I, was signed. We saw the table where President Wilson signed for the United States.

Tomorrow—"Impressions of Rome."

AUTO SEAT STRAPS URGED

COLUMBUS, Ohio (AP)—Sgt. Elmer C. Paul of the Indiana State Police says airplane type seat straps lessen the severity of injuries in auto accidents. In a speech yesterday to the National Coroners Assn. here, Paul said the Indiana State Police are using the seat straps and find they are particularly effective in reducing the extent of injury in severe crashes.

Rebuilding Of Korea Mapped

Rhee, Dulles Agree On Mutual Security Pact

SEOUL (AP)—U. S. Secretary of State John Foster Dulles and President Syngman Rhee, apparently in accord on a U. S.-Korean mutual security pact, today mapped plans for the reconstruction of war-torn South Korea.

Dulles and top aides talked for almost two hours with the South Korean President while subordinate officers worked on final details of a mutual defense pact.

Authoritative sources said the treaty—subject to ratification by the U. S. Senate—could be ready for initialing before Dulles leaves Saturday for Washington.

Dulles told newsmen after today's session the talks were going "fine."

Later in the day, Dulles and the 78-year-old Rhee toured Seoul alone for a look at the city and what the U. S. diplomat called an informal chat.

Dulles said today's meeting, the second since he arrived Tuesday, was devoted largely to plans for spending 200 million dollars already voted by Congress to start the rehabilitation of South Korea.

The money is the first of an expected 900 million dollar allocation to be spread over a three or four-year period.

Dulles said Army Secretary Robert Stevens did most of the talking at the meeting because the appropriation will come from Defense Department funds.

Dulles said the potentially explosive question of Korean unification had not yet been discussed but probably would come up at Friday's session, set for 10 a. m. (8 p. m., EST, Thursday).

Mother Kills Her 3 Children

Alabaman Slashes Youngsters' Throats

ARAB, Ala. (AP) — A distraught mother answered her children's invitation to join them in play yesterday by cutting their throats and slashing herself wildly.

From a hospital bed Mrs. Pearl Griffin told Coroner Aubrey Carr she felt her nerves "let go" about four months ago.

Carr said the 26-year-old mother killed Rickey Griffin, 6, Ronnie, 4, and Rosalind, 3, while they were alone in her parents' home in Oleander, seven miles north of here. Her father, W. F. Chaney, said she had been suffering with a nervous disorder.

Carr said the mother told him she had repeatedly asked her fam-

ily to send her to a mental institution, and had told her husband she was going to kill herself.

She said she had worried about leaving the children to be "pushed around."

When the children called to her to join them in play, she picked up her father's razor, went upstairs and killed them, Carr said the mother related.

Hosea Griffin, 16-year-old brother of the woman, said he saw blood dripping from the ceiling of the living room when he returned to the house.

The youth ran to the upper floor and found the bodies of the children on the floor. The mother lay among them, still clutching the razor.

Carr said Mrs. Griffin told her father, "I killed my children so they would go to heaven. I couldn't leave them behind."

Mrs. Griffin came home about a month ago from Detroit where her husband, Arnold, 28, works in an auto plant.

Carr said he asked the woman if she realized after killing the first

child that she was "doing something terribly wrong."

He said she replied: "No, I was going to go through with it."

Mrs. Griffin was charged with three counts of murder and a guard placed at her bedside, the coroner said.

Allen Enjoined From Banning Sale Of Books

CLEVELAND (AP) — Federal Judge Charles J. McNamee enjoined Youngstown police chief Edward J. Allen Jr. today from banning the sale of allegedly obscene books by threatening arrest or prosecution.

At the same time, the judge ruled Youngstown's ordinance against distribution of "obscene and immoral literature" to be unconstitutional and refused to enjoin Allen from enforcing it.

Judge McNamee said that he did not question Allen's motives or sincerity, but pointed out that no authority but a competent court can pass on the obscenity of a book.

The judge pointed out that the chief could arrest a book dealer for exhibiting a book thought to be obscene, bring him into court and let the court determine the issue.

The New American Library of World Literature, Inc., New York publishers of pocket-size books, brought the suit after Allen ordered Youngstown book sellers to remove certain "objectionable" books or face arrest.

Cats, Dogs, Fleas Bring Neighbors' Ire

OKLAHOMA CITY (AP) — Fifteen cats, a couple of dozen dogs and some three million fleas (by latest estimates) have turned the 200 block on Southeast 26th Street into a battleground.

Mrs. Ada Rowan, a rotund, 66-year-old woman with a friendly smile, was blamed for the whole thing.

Police Judge Mike Foster, at the request of irate neighbors, asked Mrs. Rowan to explain why she was harboring 15 cats in her back yard.

A neighbor testified the cats brought fleas and the fleas were not discriminatory. She claimed they feasted on the neighborhood children too.

"I own only seven cats," Mrs. Rowan testified indignantly. "Those vicious neighborhood dogs and unfriendly children have increased my cat family. Those poor little animals come to my house seeking shelter from the dogs and children. I feed them and they just stay there."

A neighbor, who has remained friendly to Mrs. Rowan, said the others are all wet.

"Those cats don't bring fleas," he protested. "Some of the neighbors have treated their dogs for fleas. They have to go some place so after leaving the dogs they move either to the cats or some other neighbor's home. That is what's causing the flea epidemic, not the cats."

Judge Foster gave Mrs. Rowan two weeks to get rid of the cats, so with the help of friends she packed them in crates for a trip to the Humane Society animal shelter.

Then, a cat-apocalypse!

On the way to the shelter, two boxes containing nearly a dozen cats bounced from the truck and the animals escaped. Apprehensive neighbors are watching Mrs. Rowan's yard, remembering the old saying that cats always come back.

Leaders Should Lead

In the Governors Conference out in Seattle President Eisenhower was describing his idea of what a government executive should do besides routine administration.

He has the responsibility, in President Eisenhower's judgment, of "informing his own commonwealth, his own state about . . . major problems."

"He has the chore," said the President, "of trying to inform the people . . . so they will in turn support reasonable programs nationally as well as statewide."

This is a neglected concept of public leadership. It is a concept which is controversial when practiced, as President Eisenhower discovered in his Dartmouth College speech last June, when he expressed his views on "book burning."

But it is a concept vital to the health of a republic, whose citizens rely on leadership to voice their aspirations and their views. Great damage has been done to representative government by the view that public leaders should consult their mail or measure the pressure of lobbyists to learn what they are thinking from day to day.

The duty of official leadership is to lead and to stand or fall on the wisdom of its leading—to enter into conflict with other leaders whenever necessary—to stimulate public thought and discussion.

Without that kind of official leadership, a representative government represents either public confusion or apathy, depending on whether the public is being misled by bad leaders or not being led at all.

End Of Federal Rent Control

Depending on whether you favor creeping socialism or creeping capitalism, the long-delayed end of federal rent control will make you sad or happy.

Except for a few dozen areas where extraordinary federal projects are causing acute housing shortages, Washington finally is taking itself out of the relationship between owners and renters.

Local rent laws now are found in only four eastern states—New York, New Jersey, Massachusetts and Connecticut. There has been no appetite for political interference in the landlord-tenant relationship outside of Washington.

Only two excuses for rent control ever existed or can exist in a non-socialist country—government interference with the housing supply, in the form of restrictions on building materials and labor, and some unusual government project which swamps the available supply of rental housing.

When these excuses cease to be valid, rent control should cease. But the trick then is to stiffen the backbones of politicians scared rabidly of threats of reprisals from tenants who like to have part of their living expenses paid by owners of rental housing.

In France, this legalized form of economic thievery has gone on continuously since the end of World War I. In the United States, rent control began in 1942 and lasted until the middle of 1953 in one form or another. As it finally ends, the creeping socialists are inconsolable in their grief over what they recognize as a mortal blow to one of their brightest hopes.

Do We Learn or Just Live?

Last May 15, Vice Admiral C. Turner Joy told an audience at Winston-Salem, N.C., what he had learned in 10 months as senior U.N. delegate to the Korean truce conferences.

"There is no substitute for the imperative logic of military pressure," he said. The only times the North Korean and Chinese delegates showed any desire to agree was when the Eighth Army in Korea was moving north, or threatening to move north.

When it was established that they had nothing further to fear, they began to stall, until by the end of the long stalemate at Panmunjom they actually held the upper hand. When the war ended, they were driving back the Eighth army.

That is the background for the beginning of negotiations to bring peace. There will be no progress without pressure. There can be no hope of progress without pressure.

Unless it is being applied in some way not clear to the American people, the Korean truce is destined to be the buildup for a letdown.

Two Details That Matter

War is an impersonal thing.

Writing of the last American GI killed in the Korea War, an Associated Press reporter said, "Available Army records listed only skimpy details of his life."

Details? These are the details that matter:

He was a mother's son; he was a child of God.

No words, no gestures will fill the void left in the heart of any mother whose son was killed in Korea. War always has treated mothers thus.

Yet, perhaps, all men some day will come to respect all other men as children of God. Then all mothers will be spared the heartache of war.

It's a greatly overgrown village.

—Architect Frank Lloyd Wright, on New York.

Oil-Rich Iran Is Weakest Link Before Red Asian Expansion

WASHINGTON (AP)—Oil-rich but dollar-poor Iran stood out today as the weakest link, from the American viewpoint, in the chain of nations standing against the Communist threat of expansion into southern Asia.

Furthermore, U. S. officials give no evidence of any fresh ideas for dealing with the situation.

The spot in which American leaders find Iran was dramatized by President Eisenhower in his speech to the Governors Conference at Seattle yesterday.

With the administration's fight for a full 400 million dollars appropriation for aid to embattled Indochina apparently still fresh in his mind, the President pictured Southeast Asia as an area of vital concern to the United States.

It is one of the world's last great population centers not dominated by the Communists, he said, and if Indochina fell to the Reds, the free nations would lose their chief supply of tin and tungsten.

Of Iran, lying on the western flank of India and the eastern flank of the strategic Middle East, Eisenhower said it is "in a weak condition." He added that

The Islamic religion met with strong opposition when it was founded 13 centuries ago but now has 370 million adherents.

Nudists Ponder What To Do About No Pockets

CAJON PASS, Calif. (AP)—The most pressing problem of nudists meeting here is how to get along without pockets.

Only last week Secretary of State Dulles expressed concern over the activities of the Red Tudeh party in Iran. Unless it is curbed, he said, the United States might not consider sending assistance to Iran.

Iran's official reply was that the Tudeh party had been outlawed and that, to cut off American aid, would not help at all in combating the human misery on which communism feeds.

American apprehension about the possibility of an eventual Communist takeover in Iran rises and falls according to Mossadegh's behavior. At the moment, there is a strong feeling among U. S. authorities that the Iranian leader is playing with fire in apparently allowing the Tudeh party freedom of action for his own political purposes.

The Islamic religion met with strong opposition when it was founded 13 centuries ago but now has 370 million adherents.

1,000 Persons Search For Missing Child

HAMMON, Okla. (AP)—A search party of some 1,000 persons combed the C. E. Jentzen ranch near here last night, looking for a 3-year-old boy who had disappeared from a pickup truck while his father went to check some cattle.

Object of the search was Mike Brazil, son of Edward Brazil of Sentinel, Okla.

Rescuers found Mike six hours later, snoozing peacefully on a ploughed field about 2½ miles from the truck. He was unharmed.

Probe Of Reds In Unions Set By Senators

WASHINGTON (AP)—Plans for a sweeping investigation of Communist influences in labor unions were laid down today by Sen John Marshall Butler (R-Md), head of a special task force of the Senate Judiciary Committee.

"Our unions must be free of the slightest taint of communism," Butler said in an interview.

"We can't save this country if we can't keep Communists out of unions, especially out of positions of authority."

Butler and Senators Welker (R-Idaho) and McCarran (D-Nev) were named by the internal security subcommittee, a panel of the Judiciary Committee, to run the investigation, with Butler as chairman.

The hearings, scheduled in the fall, will be held in Washington. Called to give their views, Butler said, will be top CIO and AFL officials, including AFL President George Meany and CIO President Walter Reuther.

Butler said he will also call officers of unions kicked out of the

CIO in 1949 and 1950 for alleged Communist domination.

He said he will pay special attention to testimony from "rank and file union members who have had the opportunity to observe what goes on in Communist-dominated unions."

He named these unions as certain to get a summons from his task force: the American Communications Assn.; United Electrical Workers; Mine, Mill and Smelter Workers, and Harry Bridges' West Coast longshoremen's union—all independent unions and all expelled from the CIO.

The paper called for coffee with cream and sugar, if only in the mornings; pepper, if mixed with salt; bigger evening meals, if only soup, cheese and pressed meat; iced tea, if only once a day; and forks for servers so their hands can be kept out of the food.

The Inner World also thought prisoners should be able to take all they can eat because "very few reasonably intelligent people will deliberately waste food."

Prison Paper Launches Improvement Campaign

RALEIGH, N. C. (AP)—North Carolina Central Prison's newspaper, the Inner World, has launched an editorial campaign for mess hall improvements—with a hint that the convicts will compromise if necessary.

The paper called for coffee with cream and sugar, if only in the mornings; pepper, if mixed with salt; bigger evening meals, if only soup, cheese and pressed meat; iced tea, if only once a day; and forks for servers so their hands can be kept out of the food.

Solons Continue Survey Planning

Lawmakers Postpone Action On Streets

COLUMBIANA — Suggestions for an initial survey, in preparation for town planning, received by Solicitor John L. Hutson from Wilbur Watson Associates of Cleveland, were laid before council Tuesday evening in the form of pamphlets given members for study. The estimated cost of an initial survey would be \$10,000. Its aim would be to assemble a mass of details on which to base a comprehensive plan for the future development of the town.

Seal coating of streets this fall as a preservative measure was discussed and action postponed until the return of Mayor W. A. Thomas, who may call a special meeting to have the work done before the winter. Members of council hope to give some attention to drives in Firestone Park, of which there are more than a mile.

A communication from the Chamber of Commerce was read recommending reduction of the speed limit for the state routes on N. Main St. and E. Park Ave. from 35 to 25 miles an hour. The chamber recommendation that a sign be placed at the top of the grade on N. Main St. warning north-bound traffic of the dangerous Y junction of Routes 46 and 164 just ahead will receive attention.

TRAFFIC REGULATIONS on these routes at their intersections with the Route 14 by-pass, when it is opened to travel, will be set up after the by-pass is in use. Councilman Herbert Souder reported that Dean Sever, Division 11 engineer at New Philadelphia, has said surveys of the volume of traffic at each intersection will be made to determine what regulations are necessary. Traffic lights may be required. Police reported that signs on E.

DIOR HOLDS FOR HIGHER HEMLINE—Christian Dior, famous French fashion designer who started fashion-wise customers in 1947 with the "new look" and long dresses, holds the hemline of a model's skirt in Paris to show his new new look—the higher hemline. Dior has shortened skirts to just below the knee, or about 16 inches from the floor. While rival designers in Paris continue with long skirts, shorter skirts seem to be coming.

Park Ave. warning of the bumpy and continue through Tues d a y. Aug. 18. After Sunday, calls for Y. & S. Railway crossing have been very effective and recommended that they be left where they are, about 100 feet west and east of the railway. The Chamber of Commerce had suggested that they be moved back farther from the railway.

A surveyor will be here Saturday morning to establish a grade for the further extension of West St. north toward Salem St., where Ralph Heck, builder, plans to start the first four houses on 12 lots he owns. He requested the street grade, which will also involve a drainage problem.

Chief of Police R. G. Millen reported that parking meters have brought revenue of \$26,283.90 for the town in the four years they have been in use. Meter collections for July were \$618.52, fines and costs, \$324.20, parking tickets \$103, and the town's portion of fines and costs in state patrol cases, \$213, a total of \$1,258.72. Thirteen juveniles were sent to court during the month, he said.

AN ORDINANCE was passed confirming the appointment of Thomas B. Dodds as a regular policeman.

Members of council received an invitation to a picnic of Quaker Lodge, Fraternal Order of Police, at Copacabana Lake, near Salem, next Wednesday.

Bids on painting the hallways and assembly room of city hall were tabled for the present to afford an opportunity for more bidders.

Purchase of a new police cruiser was postponed, partly because of the state of the used car market and to await the appearance of the new models. Only one bid was received, that of the Koch Motor Co., Ford dealer, which offered a new cruiser for \$800, plus the Pontiac cruiser. A bid of the Feicht Pontiac Co. for \$824.83 was received a day after the time specified and could not be considered.

Christ Mission trucks from Youngstown will begin house-to-house collections here tomorrow.

Scholarships Offered To Lure Teachers

LISBON — Want to become an elementary school teacher? County youths interested in becoming a teacher may make application now for one of the three scholarships to be offered under a recent bill passed by the Ohio Legislature.

County School Supt. James L. McBride, county chairman of the selection committee, has released information on the scholarship plan.

The bill, which becomes effective, Oct. 20, was passed to increase the supply of elementary teachers by granting scholarships to Ohio high school graduates, who are in need of financial assistance to prepare for elementary teaching.

Supt. McBride said three schol-

arships valued at \$500 will be offered each year. They are for two years under the cadet teaching training program.

Successful candidates have the pick of some 20 Ohio colleges or universities, including Youngstown and Steubenville Colleges.

He said application blanks are available at his office in the Courthouse. The deadline for filing for this year is Aug. 20.

McBride will appoint a high school principal from a city or exempted village school, an elementary principal and teacher from a city or exempted school to serve on the committee.

The state has set aside \$750,000 for the program for the next two years.

McBride also announced information on another scholarship for those interested in teaching. It is for Ohio State University.

GI's Story Of Killing 3 Is Found False

FT. SILL, Okla. (AP)—Army intelligence officers say they have checked and found "absolutely false" the story of an ex-soldier being held in Oklahoma County Jail who claims he committed three murders in Japan.

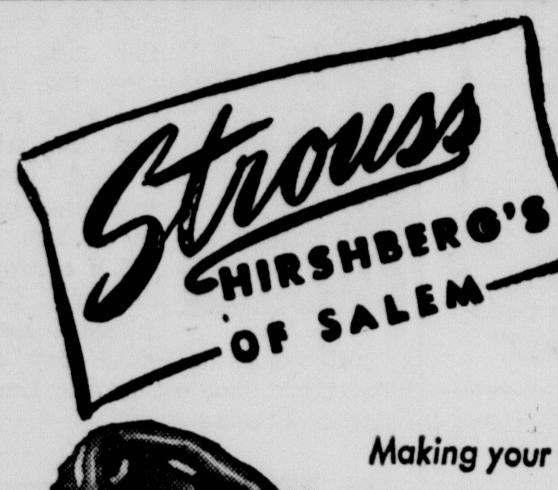

Ralph Donald Mullins signed a statement admitting three killings while he served in the Army in 1949 and 1950. The Army said the story was a hoax, and that Mullins has told it before, with a different setting.

DIES IN MISHAP

JACKSON, Ohio (AP)—The body of Harvey Dillon, 40, of Columbus, was found yesterday in the wreck of a car in a grove of trees along Ohio 327, three miles west of Weston. The State Highway Patrol said Dillon was apparently killed in an accident Tuesday.

MUNICH, Germany, ants "sow by day and harvest by night." They must "steal" their own potatoes from the field so they can eat before the official crop is sent intact to Russia.

THE VOICE of Radio Free Europe says in many tongues to regional Communist officials and local police: — "Don't be strict with the farm workers. Make it possible for them to feed themselves and keep alive on what they raise with their own hands."

Here you learn the real reason for the Soviet "currency reforms." So many of us have tried to explain them with profound economic theories. These theories are nonsense.

The "monetary reforms" are the most devilish form of modern cruelty a total state has invented this side of genocide.

The "reforms" which were put into effect in Czechoslovakia last June 1, for example, simply wiped out the workers' savings and slashed their wages, and so forced them to send their wives and youngsters to work to help earn food for the house.

THE RUSSIANS are short of manpower. So they want "woman and children" power. It's that simple.

The Soviets know that so long as a skilled Czech worker has some savings in the bank he will not ask his wife or growing children to go into a factory.

Some women and children replaced men. And the men were available for the famed Skoda munitions plants and other war installations.

Specifically, the Czechs now produce the internationally famous jet motor for the Russian MIG fighter planes, also the Russians' best tanks, airplane tools, and electrical equipment.

The Soviets now have the men, and sometimes women, to dig iron ore, which is of low grade, but is

vital because the Swedes have refused to send Russia their high content ore.

Result is that the Russians, to get their MIGs and tanks, must import ore from China, Pakistan and other Oriental areas.

THIS PUTS a terrific strain on the entire Soviet economy. Especially the railroads and the coal mines, for it takes them five times as much coal to produce material out of poor iron ore as it takes us out of good ore.

The Russians have no gasoline for this Herculean job. So they make synthetic gas and thus waste more millions of tons of coal in this process.

They therefore must use terrific amounts of electric power. So they simply shut off electricity from the liturgy.

Salem Little League Team Defeats Niles Eastern, 5-3

Youngstown Tonight's Foe

Salem Scores Winning Runs In 12th Frame

The Salem Little League All-Stars won their right to play in the District Little League Championship game tonight by defeating Niles Eastern, 5-3, last night at Roosevelt Park in Campbell.

Five and one-half innings of the game had been played Tuesday night when rain postponed the remainder of the contest. When the game ended Tuesday, Salem was batting in the top of the sixth inning with the score tied 3-3. Salem had men on second and third with only one out. When play resumed last night, the Niles pitcher struck out the next two Salem batters to face him. Both teams went scoreless in the seventh, eighth, ninth, tenth, and 11th innings.

Salem scored the two winning runs in the 12th inning. Buddy Timbrook led off with a single and Neil Paxson was safe on a bunt. Bobby Stallsmit walked, loading the bases, but was caught off the first base sack. Ralph Ehrhart then singled, driving in Timbrook from third. Richard Altomare was safe on a fielder's choice, scoring Paxson. The next two Salem batters flied out ending the inning.

Neil Paxson was the winning Salem hurler, relieving starter Bobby Stallsmit in the 10th inning. Stallsmit struck out eight Niles batters, while Paxson fanned one. Niles used three pitchers in the lengthy contest. Stanko struck out two Salem batters, Moran fanned 10 men, and Patronek struck out one. Patronek was the losing Niles pitcher.

Stallsmit and Elmer Smith led the Salem batting with two hits each. Both Salem All-Stars were at bat five times. Stallsmit has nine hits out of 14 trips to the plate in the four playoff games Salem has played.

Salem had five runs on eight hits with one error while Niles had three runs on seven hits and one error.

Tonight Salem will face Youngstown Southern in the District Little League playoffs at 6 p.m. in Campbell at the Little League Field. The winner of the District title will go to the state finals in Canton on August 11 and 12. The state champion then plays in a sectional tournament at Fort Wayne, Indiana, with the winner at Fort Wayne going into the Little World series at Williamsport, Pa.

Satterfield Charged Keeping Prostitutes

CHICAGO (AP) — Police seized heavyweight boxer Bob Satterfield, 29, today at his South Side home and charged him with operating a house of prostitution.

Two women also were arrested and charged with soliciting Satterfield and the women are Negroes.

Detective Russell Burton said police were told by a tipster that they could make an appointment with women at the Satterfield residence by telephoning and giving the pass-words, "Jack" and "December 1."

The detective said he and Detective Harry Iwicki were admitted to the home after giving \$75 in marked currency to one of the women, Effie May Cooper, 22. The other woman seized was Jean Thompson, 24. Police said they were nabbed while giving an indecent performance.

Trucker Says Hooded Driver Followed Him

PITTSBURGH (AP) — A truck driver told police he was shadowed on a midnight ride last night — by a phantom who wore a white hood. Harry Peabody, a driver for the Associated Transfer Lines of Washington, D. C., told police the man, driving a Ford car with a cream body and black top, trailed him from his loading place in Delaware to Aberdeen, Md.

Peabody said the man's head and shoulders were covered by the hood. The car, he said, had New York license plates.

This was the only new lead that developed today in the midnight murders of two sleeping truck drivers on the Pennsylvania Turnpike.

In New Jersey, authorities were checking a bullet which killed 17-year-old Leroy Wilcox Monday near Woodbury, N. J., on the chance it might have come from the turnpike slayer's gun.

A .32-caliber automatic killed Lester B. Woodward of near Harrisburg and Harry F. Pitts of Bowling Green, Va., on the super highway, and wounded John F. Shepherd of West Alexander, Pa., near the turnpike in Ohio.

and four bodies, the rest of the 23 men aboard a giant RB36 reconnaissance bomber when it went down before dawn yesterday south of Iceland with 5 of its engines ablaze.

The survivors and the bodies were picked up from lifeboats and one-man dinghies after planes directed the ships to the area.

Heavy fog delayed the takeoff of the first daylight search flight of 25 planes until 9 a.m. today but the weather was expected to clear later.

The 7,636-ton British merchant ship Manchester Shipper radioed this morning:

Average GI POW To Get \$2,200 In Back Pay

INCHON, Korea (AP) — The average American soldier freed from a Communist prison camp has about \$2,200 back pay coming, the finance officer at the Inchon re- placement depot said today.

The amount of back pay varies according to the size of a soldier's allotment to his family, his rank and the length of time he was a prisoner. In addition to his base pay, he gets combat pay and overseas pay while in an enemy prison camp.

Capt. Joseph C. Bowman of Ringgold, Ga., finance officer, said a sergeant first class who had been a Red prisoner since November 1950, had \$5,400 coming — more than any other prisoner returned so far.

Give A Baseball Party

Baseball and eats — that's the formula to keep boys happy in summertime. But when it rains, what? Then give them an indoor baseball party.

There's a new baseball "quiz" book that combines quiz and puzzle technique to dramatize the high points of our great American game. Our youngest boy, aged 8, and his friends pore over it for hours.

How about "eats"? Well, you can make realistic baseball cakes that will thrill the youthful big leaguers. And, of course, hamburgers, or hot dogs and soda pop belong in this big game party, too.

Baseball Cakes

Use pound cake, white cake or angel cake, made with a mix or by your favorite recipe; or buy the cake already made. Cut pound or white cake into two-inch cubes. With a small knife carefully round off corners. Save the scraps of cake for a pudding.

With a teaspoon pour fondant frosting over the "baseballs." When the frosting is hard, "paint" the lacings on each ball with a clean water color paint brush dipped in red food color. Be sure the frosting is dry before applying "paint."

If you use angel food instead of pound or white cake, break the angel food into cubes and pull off a bit at each corner to make balls. Cover with fondant frosting in the

Potato Salad For He-Man Appetites

Summer food may be cold, if you like, but it must satisfy the year-round appetite. Our Los Angeles friend, Helen E. Goodrich, wise in hospitality, serves these he-man salads in hot weather:

He-Man Potato Salad (Serves 6)

One and one-half cups sliced fresh mushrooms
6 tablespoons olive oil
4 tablespoons fresh lemon juice
1/4 cup minced onion

1 teaspoon salt
1/2 teaspoon black pepper
2 cups sliced cooked potatoes
1/4 cup shredded raw carrots
1/2 cup shredded celery
2 cups diced tongue
2 hard-cooked eggs
Iceberg lettuce
mayonnaise dressing
Sauté mushrooms gently in olive oil until tender. Let cool slightly. Add lemon juice, onion, salt and pepper. Let stand until cold.

Combine potatoes, carrots, celery and tongue. Pour mushroom mixture over all and marinate for at least an hour.

Serve, garnished with sliced,

hard-cooked eggs on bed of iceberg lettuce. Mayonnaise may be served if desired.

Other cold, cooked meat—such as ham, beef, lamb or canned meat may be substituted.

So may chicken, turkey or fish.

Approximately 326 calories per serving. One tablespoon mayonnaise dressing equals 100 calories.

Vegetable Potato Salad (Serves 6)

One cup shredded cabbage
1/2 cup chopped celery
2-3 cup cooked fresh peas
1/4 cup cooked fresh snap beans
1/2 cup chopped scallions, including green tops
4 cups cooked cubed potatoes

1 cup mayonnaise
1-3 cup milk
1/2 teaspoons salt
1/8 teaspoon black pepper
1/8 teaspoon powdered dry mustard
cabbage
paprika
Combine vegetables. Thin mayonnaise with milk. If a homemade mayonnaise is used, this is not necessary.

Add salt, pepper and mustard. Mix well with the vegetables. May be served in "bowl hollowed out of a medium-sized head of cabbage (red or green).

Sprinkle with paprika. Approximately 344 calories per serving.

Recipes For Fresh, Frozen Beef Liver

This is biggest bargain season for the nutrition budget because in Chicago they're worried about the terrific supplies of beef liver.

Beef liver gives you more for your food dollar than almost any other item in the market. The tremendous amounts of vitamin A, niacin, riboflavin and thiamin found in liver should put this meat high on the "serve often" list of homemakers.

It is also one of the best sources of the minerals, copper and iron. And there is no waste.

Fresh and Frozen Plentiful

Both fresh and frozen liver are abundant. Fresh liver is quite perishable and should be kept, loosely wrapped, in the coldest part of the refrigerator.

The fresh product should be cooked and eaten within 24 hours of purchase. Frozen liver, on the other hand, will keep safely for six to seven months in a freezer. It should be thawed in the refrigerator before cooking.

Too few homemakers realize how well the savory flavor of liver blends with other foods, and with simple seasonings. One of the simplest and perhaps one of the tastiest hill of spuds.

Best ways to fix liver is broiled, with a zesty sauce of seasoned butter.

Lemon-Broiled Beef Liver

Season melted butter or margarine with lemon juice, finely chopped onion or chives, or garlic juice.

Place sliced beef liver on a rack in a broiler pan. Brush with seasoned butter. Place broiler pan in broiler so the meat is about 3 inches from the source of heat.

Broil according to the schedule below. Turn and brush with more seasoned butter or margarine. Broil other side. Do not overcook.

Broiling Schedule

Thickness Min. Per Slice
1/4 inch 4 minutes
1/2 inch 5 minutes

French fried beef liver strips is another delicious dish. Cut beef liver into strips about 1/4 by 2 inches. Roll the strips in cornmeal then deep fry in fat until crisp on outside. Serve with barbecue sauce.

HONEY OF A DRINK

Traditional iced tea takes on a delicious and different flavor when sweetened with a spoonful of honey instead of sugar — and don't forget to add a mint sprig.

To do this they had to purchase 1,462,499,600 pounds of raw potatoes. And that would make a mammoth pile and perhaps one of the tastiest hills of spuds.

Chicken Fiestas Are Tasty, Filling

It's fiesta time with these flavorful and filling sandwiches. They're certain to bring delight to family and cook — to family because they have a tempting taste appeal and to cook because they have that easy-to-fix appeal.

Chicken Fiestas

1/2 cup finely chopped onion

PANCAKES, PEACH SAUCE

Sauce —

1/2 cups sugar

1/2 cups sugar

3/4 cup finely chopped green pepper
3 tablespoons butter
2 (5 oz.) cans chicken spread
1 (6-oz.) can tomato paste
1/2 cup chopped stuffed olives
1 teaspoon Worcestershire sauce
1 teaspoon chili powder
salt and pepper to taste
8 hot dog buns

dash of salt
2 cups sliced fresh peaches
Combine sugar, water and salt in a saucepan. Bring to a brisk

fry onions and green pepper in melted shortening until soft. Add remaining ingredients, except buns. Simmer 10 minutes, stirring frequently.

Slice buns almost through. Fill generously with chicken spread mixture. Then place under broiler 5 to 10 minutes and serve crisp and piping hot. Makes 8 chicken fiestas.

boil. Add peaches and simmer 10 to 15 minutes or until the peaches are tender.

Pancakes —

1 egg

2 cups milk

2 cups pancake ready-mix

2 tablespoons butter or margarine (melted)

Beat egg and milk together; add to pancake ready-mix all at once and stir lightly. Somewhat lumpy batter makes light fluffy pancakes.

HUNGARIAN SNAP BEANS

1 lb. snap beans
3/4 to 1 cup boiling water
salt

2 tablespoons butter, or margarine

2 tablespoons lemon juice

1 teaspoon poppy seeds

Cut ends from snap beans; scrub in cold water with vegetable brush; drain. Cut beans in thin strips lengthwise and then in about 1/2 inch pieces.

Add 1/4 teaspoon salt to boiling water and cook quickly, covered, until just tender crisp. Drain off any small amount of liquid in pan.

Add butter or margarine, lemon juice and poppy seeds; mix until butter melts. Add salt and pepper to taste. Makes 4 to 5 servings.

Highlight Deep South Recipes

Old Virginia recipes can add pleasure to our American menu. That's why a collection of these recipes made by the Virginia Federation of Home Demonstration Clubs deserves space on your kitchen bookshelf.

Printed in Richmond, Va., "Recipes From Old Virginia" is one of our better regional cookbooks.

Here are a few recipes from the book:

2 tablespoons minced onions or chives

2 tablespoons chopped celery

1 tablespoon minced parsley, if liked

Mix all the ingredients but the tomatoes. Salt and pepper to taste.

Cut a slice from top of tomato, scoop out inside, and add this to the above.

Stuff the tomatoes and place in a baking dish and cover bottom of dish with water. Bake until tomatoes are tender, 15 to 20 minutes.

Cabbage Chowder

Four cups shredded cabbage

2 cups sliced carrots

3 diced potatoes

1 tablespoon salt

**Eggs May Be Used
In Many Variations**

Do you like eggs, as is, and in pies and in cakes? Most Americans do. Kathryn B. Niles of Chicago, an old friend of this column, suggests a few variations on that nutritious and good eating theme.

Eggs in Green Pepper Cups

Four large green peppers
4 eggs, salt and pepper
2 cups cooked rice
1 cup tomato sauce
Parboil peppers 5 minutes. Drain, remove skins, cut off stem end, remove seeds and membrane. Place each pepper in a buttered cup, cut end up. In each drop egg; season. Place in pan of hot water; bake in moderate oven (350F) until eggs are set, 5 or 10 minutes. Serve in bed of hot rice with tomato sauce.

Easy Hollandaise for Asparagus and Other Vegetables (Yield — 2 cups)

Six egg yolks (beaten slightly)
2 cups cream or top milk
1/2 teaspoon salt
4 tablespoons lemon juice or about 1 lemon
Beat yolks and cream, then add lemon juice and salt. Cook over water bath until thick, stirring constantly. Serve on cooked vegetables.

Note — Horseradish may be added if desired — 2 tablespoons or more.

Jelly Frosting

One half cup jelly
1-1/2 teaspoons salt
1 egg white
Set ingredients in bowl over hot water and beat with rotary beater until jelly dissolves. Remove from heat and beat until it peaks. Cake may be garnished with bits of the same jelly. This frosting does not become firm.

STUFFED TOMATO TREAT

4 eggs
3/4 cup finely diced lobster (lightly packed)
6 tablespoons mayonnaise-type salad dressing
1 teaspoon tarragon vinegar
salt and pepper
3 good size tomatoes (about 1 1/4 pounds)
paprika
parsley
lettuce

Hard-cook eggs; shell and put through ricer. Mix with lobster, mayonnaise, vinegar and salt and pepper to taste. Cut stem ends from tomatoes; slice each in half; cut heart from each half and scoop out seeds.

(Use hearts in some other dish). Turn tomatoes upside down to drain. Sprinkle insides of tomatoes lightly with salt and pepper.

Pack filling lightly into 1/4 cup size measure; turn out onto one tomato cavity; fill other tomato halves the same way. Sprinkle filling mound with paprika and stand a perky sprig of parsley in center of each. Arrange on crisp lettuce. Makes 6 servings.

KEEP CRACKERS DRY

For summer use, containers with built-in moisture absorbers are convenient for keeping such foods as crackers and potato chips dry and crisp. This type of container has a removable holder for the granulated moisture-absorbing material so that it can be heated in the oven occasionally to restore its effectiveness.

LAMB KABABS

2 pounds boned lamb shoulder
1/2 cup salad oil
1/4 cup lime juice
1 teaspoon dry mustard
1/4 teaspoon thyme
1 bay leaf
1/8 teaspoon basil
1/8 teaspoon rosemary
1/2 teaspoon salt
1/8 teaspoon pepper
1 medium onion (chopped)
2 medium onions
1 green pepper
one 4-ounce can mushroom caps
Have lamb shoulder cut in 1 1/2 inch cubes. Mix salad oil, lime juice, seasonings, and chopped onion in bowl. Add lamb cubes; let stand 5 hours or overnight. Drain. Cut onions in 1/4-inch slices and green pepper in 1/4-inch rings. Alternate cubes of lamb on skewer.

Preheat broiler 10 minutes; place kababs on rack 3 inches from heat, broil about 20 minutes, turning once. Makes 6 servings.

BARBECUED BANANAS

Heres a picnic novelty for an outdoor grill. Cut both ends off an unpeeled banana. Now slice through the top skin, and down the center of the banana, but do not cut through under skin.

Sprinkle a little brown sugar into the cut. Wrap the banana in aluminum foil, sealing ends tightly. Bake on hot coals about six minutes on each side. Serve hot, making one package for each of your hungry gang.
